

TIMOTHY M. MERLIS

Princeton University
tmerlis@princeton.edu
<https://timothymerlis.com>
ORCID: <https://orcid.org/0000-0002-5593-8210>

Research Interests

Climate and atmospheric dynamics, extreme weather and climate change, hurricanes, polar climate, atmospheric hydrological cycle & surface coupling

Awards

- 2019–2022 Natural Sciences and Engineering Research Council of Canada Discovery Grant Accelerator Award
- 2018–2019 Tomlinson Professorship Award, McGill University
- 2015–2022 Canada Research Chair (Tier II)
- 2014 James R. Holton Early Career Scientist Award, Atmospheric Sciences Section of the American Geophysical Union Conference

Scientific Leadership Roles

- Chair of AMS Atmospheric and Oceanic Fluid Dynamics Committee, 2024–2027
- Program Chair of AMS Atmospheric and Oceanic Fluid Dynamics Meeting, 2024
- Organizer of Princeton University/Geophysical Fluid Dynamics Laboratory Atmospheric Dynamics group meeting, 2022–
- Vice-chair of AMS Atmospheric and Oceanic Fluid Dynamics Committee, 2021–2024
- Associate Editor *Journal of Climate*, 2021–
- Program Chair of AMS Atmospheric and Oceanic Fluid Dynamics Meeting, 2022
- Co-organizer of Princeton Center for Theoretical Science Workshop From Spectroscopy to Climate, 2022
- National Representative, International Association of Meteorology and Atmospheric Sciences, 2019–2022
- Chair of Canadian Meteorological and Oceanographic Society Scientific Committee, 2017–2020

Positions

- 2022– **Princeton University Atmospheric and Oceanic Sciences & Cooperative Institute for Modeling Earth Systems**
Manager, Science
- 2018–2022 **McGill University Department of Atmospheric and Oceanic Sciences**
Associate Professor & Member of McGill Space Institute
Canada Research Chair (Tier II) in Atmospheric and Climate Dynamics

- 2013–2018 **McGill University Department of Atmospheric and Oceanic Sciences**
Assistant Professor & Canada Research Chair (Tier II, 2015–2018)
- 2011–2013 **Princeton University and Geophysical Fluid Dynamics Laboratory**
Princeton Center for Theoretical Science Postdoctoral Fellow, Hosted by Isaac Held
- 2006–2011 **Ph.D. California Institute of Technology**

Refereed Journal Publications (See <http://timothymerlis.com/publications.html> for up-to-date list.) Advisees are underlined. H-index 28, cumulative citations 2225 (Google Scholar, Oct 2024).

- [64] Guendelman, I., T. M. Merlis, K.-Y. Cheng, L. Harris, C. S. Bretherton, M. Bolot, L. Zhou, A. Kaltenbaugh, S. K. Clark, and S. Fueglistaler (2024): Detecting Changes in Large-Scale Metrics of Climate in Short Integrations of a Global Storm-Resolving Model of the Atmosphere. Submitted.
- [63] Merlis, T. M. (2024): Perturbing the surface energy balance to emulate the historical pattern of tropical Pacific sea surface temperature trends. *Journal of Climate*, submitted.

Book Chapters

- [1] Showman, A. P., R. D. Wordsworth, T. M. Merlis, and Y. Kaspi (2013): Atmospheric Circulation of Terrestrial Exoplanets. *Comparative Climatology of the Terrestrial Planets*, S. J. Mackwell, A. A. Simon-Miller, J. W. Harder, and M. A. Bullock, Eds., University of Arizona Press, pp. 277–326.

Teaching

| | |
|-----------|--|
| 2020 | McGill ESYS 301: Earth System Modelling, Winter 2020 |
| 2018 | Instructor of McGill's ATOC/PHYS 404: Climate Physics, Fall 2018 |
| 2017-2018 | Instructor of McGill's ATOC 215: Oceans, Weather and Climate, Winter 2017, 2018 |
| 2016-2019 | Instructor of McGill's ATOC 531: Dynamics of Current Climates, Winter 2016, Fall 2016, Fall 2017, Fall 2018, Fall 2019 |
| 2015 | Instructor of McGill's ATOC 183: Climate and Climate Change, Winter 2015 |
| 2014-2016 | Instructor of McGill's ATOC 513: Waves and Stability, Winter 2014, 2015, 2016 |

Outreach & Training

| | |
|------------|--|
| 2023 | Mental Health First Aid Training |
| 2019, 2021 | Lecturer at McGill University undergraduate outreach event <i>Soup & Science</i> |
| 2016 | Lecturer at McGill University high school outreach event <i>Snappy Science</i> |
| 2016 | McGill University Atmospheric and Oceanic Science department high school outreach <i>Canada Wide Science Fair</i> |
| 2014 | Lecture on physical climate science for McGill University <i>Under the Weather: Climate Change Research and Justice</i> series |
| 2014 | Lecture on climate change for Science Undergraduate Society of McGill University |

Advising

Post-doc Advisees, current (4): Chiung-Yin Chang (2024–present, co-advisor with Isaac Held), Yan-Ting Chen (2024–present, co-advisor with Stefan Fueglistaler) Ilai Guendelman (2022–present, co-advisor with Stefan Fueglistaler), Adam Sokol (2024–present, co-advisor with Stefan Fueglistaler),

Post-doc Advisees, past (2): Thomas Navarro (2019–2022, co-advisor with Natalya Gomez & Nicholas Cowan), Eric Bembenek (2021, co-advisor with David Straub)

Ph.D. Advisees, completed (6): Matthew Henry (2016–2019), Eric Bembenek (2014–2020, co-advisor with David Straub), Pei-Ning Feng (2014–2020, co-advisor with Hai Lin, ECCC), Nicholas Soulard (2015–2020, co-advisor with Hai Lin, ECCC), Marie-Pier Labonté (2018–2023) Yan-Ting Chen (2019–2024, co-advisor with Yi Huang)

M.Sc. Advisees, completed (7): Flora Viale (2014–2016), Cécile Defforge (2015–2016), Molly Syme (2015–2017), Marie-Pier Labonté (2016–2017, fast tracked to Ph.D.), Zhong Yi Chia (2016–2018, co-advisor with Prof. Daniel Kirshbaum), Michael Rollings (2017–2019), Anne-Sophie Fortin (2018–2021, co-advisor with Prof. Carolina Dufour), Meera Mohan (2020–2023, co-advisor with Prof. Daniel Kirshbaum)

Undergraduate Research Assistants (8): Bryn Ronalds (2013–2014), Valérie Losier (2013–2014, co-advisor with Prof. Daniel Kirshbaum), Luke Davis (2014–2016), Kaiti Jiang (2015), Michael Rollings (2017), Anne-Sophie Fortin (2018), Jessica Di Bartolomeo (2019), Han Szeptycki (2020–2021), Stephanie Ortiz-Rosario (2024)

Advisee Awards and Fellowships

| | |
|------|--|
| 2024 | Stephanie Ortiz-Rosario, Outstanding Student Presentation Award NOAA Office of Education Science and Education Symposium |
| 2022 | Yan-Ting Chen, Outstanding Student Presentation Award (2nd Place) AMS Conference on Atmospheric Radiation |
| 2021 | Yan-Ting Chen, Mysak Fellowship (McGill AOS Department Award) |
| 2019 | Thomas Navarro, McGill Space Institute Post-doc Fellowship |
| 2019 | Matthew Henry, Eben Hopson Fellowship, McGill University |
| 2018 | Michael Rollings, NSERC M.Sc. Fellowship (CGS-M) |
| 2018 | Anne-Sophie Fortin, Hydro-Quebec Fellowship, McGill Faculty of Science |
| 2016 | Cécile Defforge, Best Student Poster Award AMS Hurricanes and Tropical Meteorology Meeting |
| 2016 | Marie-Pier Labonté, McGill Space Institute M.Sc. Fellowship |
| 2015 | Arkadiusz Bembenek, NSERC Ph.D. Fellowship |
| 2015 | Cécile Defforge, Mysak Fellowship (McGill AOS Department Award) |

Additional Professional Activities and Memberships

Member of AMS Atmospheric and Oceanic Fluid Dynamics Committee, 2017–2020

Member of US CLIVAR Working Group: Changing Width of the Tropical Belt, 2016–2018

Co-organizer of California Institute of Technology workshop “Monsoons: Past, Present and Future” in May, 2015.

Member of AMS Atmospheric and Oceanic Fluid Dynamics Committee, 2011–2013

Co-convenor of session “Atmospheric Circulations and Climate Change” at AGU Fall Meeting, 2010

Reviewer for funding agencies: *NSF, NSERC, CRC, NASA, ISF*.

Reviewer for journals: *Journal of the Atmospheric Sciences, Journal of Climate, Geophysical Research Letters, Nature, Nature Geoscience, npj Climate and Atmospheric Science, Nature Communications Earth & Environment, Bulletin of the American Meteorological Society, Proceedings of the National Academy of Science, Nature Climate Change, Journal of Marine Research, Quarterly Journal of the Royal Meteorological Society, Journal of Geophysical Research, Environmental Research Letters, Biogeosciences, Geoscientific Model Development, and Climate Dynamics*

Department Seminars

| | |
|------|---|
| 2024 | Geophysical Fluid Dynamics Laboratory |
| 2023 | UCLA, San Jose State University |
| 2022 | Peking University, Lamont Doherty Earth Observatory |
| 2021 | University of Michigan, Yale University |
| 2020 | Columbia University (canceled due to COVID-19), Yale University (rescheduled due to COVID-19) |
| 2019 | University of Waterloo, University of Chicago |
| 2018 | Stony Brook University |
| 2017 | Scripps Institution of Oceanography, UCSD (Climate, Atmospheric Sciences, and Physical Oceanography Department), Seoul National University |
| 2016 | McGill University (Department of Physics), Columbia University, Lamont Doherty Earth Observatory |
| 2015 | University of Michigan |
| 2014 | MIT, Weizmann Institute of Science, Tel Aviv University |
| 2013 | University at Albany, University of Oxford, Caltech, Geophysical Fluid Dynamics Laboratory, McGill University, Harvard University, Stanford University, University of Toronto |
| 2012 | Cornell University, Yale University, Columbia University, Institute for Advanced Study, Harvard University |
| 2011 | MIT, Brown University, Caltech (thesis defense), University of New South Wales |

2010 Geophysical Fluid Dynamics Laboratory

2009 MIT

Conference Presentations

2025 AMS Annual Meeting (forthcoming)

2024 AMS Annual Meeting (invited), CFMIP, AMS Conference on Atmospheric and Oceanic Fluid Dynamics

2023 AMS Annual Meeting, Tropospheric Lapse Rate workshop, CFMIP, ECS Symposium

2022 AMS Conference on Atmospheric and Oceanic Fluid Dynamics, MIT Symposium in Honor of Kerry Emanuel, GEWEX Pan-GASS Understanding and Modeling Atmospheric Processes, Princeton University From Spectroscopy to Climate, 2nd Model Hierarchies Workshop

2021 AGU Fall Meeting

2020 AMS Annual Meeting, AGU Fall Meeting

2019 AMS Conference on Atmospheric and Oceanic Fluid Dynamics, IUGG/CMOS Congress, Northeast Tropical Workshop

2018 CMOS Congress (invited plenary), MIT Lorenz Center Water and Climate Change (invited), Princeton University Heldfest (invited)

2017 CMOS Congress, AMS Conference on Atmospheric and Oceanic Fluid Dynamics, Northeast Tropical Workshop, AGU Fall Meeting (invited)

2016 AMS Conference on Hurricanes and Tropical Meteorology, CMOS Congress, AGU Fall Meeting (invited), WCRP Model Hierarchies Workshop, CLIVAR Width of the Tropical Belt Workshop

2015 Caltech Monsoon Workshop, Northeast Tropical Workshop, AMS Conference on Atmospheric and Oceanic Fluid Dynamics

2014 AMS Conference on Hurricanes and Tropical Meteorology, Latsis Symposium, World Weather Open Science Conference, AGU Fall Meeting (two invited presentations)
